## EDUCATION

Vidyavardhini's College of Engineering And Technology

07 2022 – 07 2026

Computer Science and Technology with Data Science - **CGPA - 8**

Vasai, Mumbai

St. Luke's Junior College of Commerce and Science

03 2021 – 03 2022

Higher Secondary Certificate - Science - **Percentage - 78%**

Nallasopara, Mumbai

## COURSEWORK / SKILLS

- |  |                           |                                      |                             |
|--|---------------------------|--------------------------------------|-----------------------------|
| • Data Structures & Algorithms (up to Trees) | Development               | • Networking                         | Programming (OOP) with Java |
| • Web Frontend                               | • Backend API Development | • Database Management Systems (DBMS) | • DevOps                    |
|  | • Operating Systems       | • Object-Oriented                    |                             |

## PROJECTS

**VidTweet** | Node.js, Express, MongoDB, Mongoose, Cloudinary, Resend

Ongoing

- Developed a video-tweeting platform with **Node.js**, **MongoDB**, and **Mongoose**. Integrated **Cloudinary** for video uploads and **Resend** for **email verification**. Used **MongoDB aggregation** for efficient video search and dynamic content.

**Food Store** | JavaScript, React.js, Swiggy API

Ongoing

- Built a food ordering platform using **React.js** and the **Swiggy API**, offering real-time restaurant listings and dynamic menus. Enhanced performance with **React hooks** and **context API**.

**MessageFeedback** | Next.js, TypeScript, Mongoose, NextAuth, Shadcn, Resend

08 2024

- Developed a full-stack feedback system with **Next.js** and **NextAuth** for custom authentication, featuring **email verification** via **Resend**. The frontend was designed using **Shadcn** components and integrated with **TypeScript**.

## INTERNSHIP

**Quml.ai**

08 2024 – Ongoing

Full Stack Developer

Borivali, Mumbai

- Led a sponsored project involving both frontend and backend development using Next.js

**YPP Technologies**

12 2023 – 1 2024

Frontend Developer

Virar, Mumbai

- Worked on frontend development, contributing to user interface design and implementation.

## TECHNICAL SKILLS

**Languages:** JavaScript, Java, SQL, NoSQL

**Developer Tools:** VS Code, IntelliJ Idea Ultimate, Android Studio,

**Technologies/Frameworks:** Linux, ReactJS, NextJS, NodeJS, ExpressJS, Git, GitHub, Docker, Shell Scripting, Jenkins, AWS, Kubernetes(Beginner)

## INTERESTS & LEARNING

**Personal Projects**

Ongoing

Self-Learning

- Developing **coding projects** in **JavaScript**, **React**, and **Node.js**, with a focus on web development.
- Enhancing **Data Structures and Algorithms** skills using platforms like **LeetCode**.

**DevOps & Cloud Technologies**

Ongoing

Exploring Infrastructure Automation

- Learning **DevOps** and **Cloud Computing** with tools like **Docker**, **Kubernetes**, **AWS**, and **CI/CD pipelines**.
- Engaging in online courses and tech forums to stay updated on **cloud infrastructure** trends and practices.

**Open Source Contributions**

Ongoing

Contributor

- Contributing to **open-source projects** on **GitHub**, collaborating with developers worldwide.
